PALOS VERDES ESTATES, CALIF.

#3

THE stores and shops at Palos Verdes Estates are being housed in modern buildings around open squares, but the effect, when these arcaded plazas are completed, will remind one of the centuries-old towns of picturesque Spain.

The wisdom of the management in respect to restrictions and zoning will become increasingly apparent with the passing years. Only sufficient property has been zoned for business to provide for the maximum population, when the Estates are fully populated. Shops are within convenient reach when needed, but residential neighborhoods will always be free from stores and apartments.

I am one of a series telling the colorful story of Palos Verdes Estates.
Keep me—for you will want all of us when the story is finished.
